

RoadID & St Ann's Episcopal Church
present:

Kelli's 5K

Track & Trail Run and Walkathon

Saturday - August 14, 2010 - 9am Start

Windham High School, Windham, ME

In the spring of 2010, the world lost a brave 10 year old girl name Kelli Hutchison after courageous battle with cancer. Kelli's 5K is to remember her and to raise money for a new playground to be built in her name.

Kelli's 5K offers something for everyone. From the young to the experienced, from off trail running to on track walking. Two courses will be running simultaneously starting at 9am.

The first is a challenging, timed 5 kilometer trail run using the Windham High School Cross Country Course. This four lap course has a rolling terrain, a series of bridges, river views and a steep rooty climb that will leave you scrambling to catch your breath!

The second course is a non timed, 5K walkathon around the Windham High School Track. After completing each lap, walkers will collect a bead with a letter on it. Complete all 12 laps to spell a special message!
